

## 1. Log in page

A screenshot of a web browser window displaying a login page. The address bar shows the URL `localhost:3000/Activity%203%20_%20Intergation/login.php`. The page has a light gray background. In the center, there is a white rounded rectangle containing the following elements:

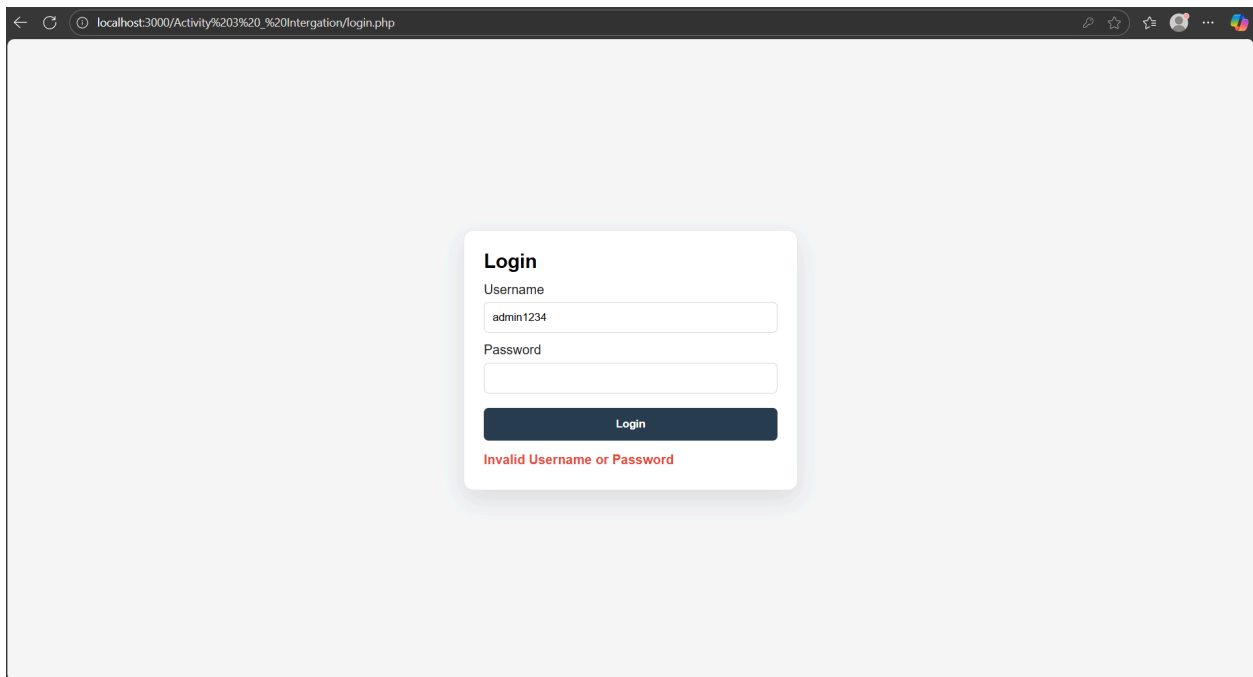

- The word **Login** in bold black text.
- A label **Username** followed by a white text input field.
- A label **Password** followed by a white text input field.
- A dark blue button with the text **Login** in white.

## 2. Empty fields

A screenshot of the same web browser window and login page as in the first image. The layout is identical, but a red error message is now visible below the dark blue login button:

**All fields are required!**

### 3. Wrong credentials

A screenshot of a web browser window. The address bar shows the URL: `localhost:3000/Activity%203%20_%20Intergation/login.php`. The page displays a login form titled "Login". The form has two input fields: "Username" with the value "admin1234" and "Password" which is empty. Below the fields is a dark blue "Login" button. A red error message, "Invalid Username or Password", is displayed below the button.

**Login**

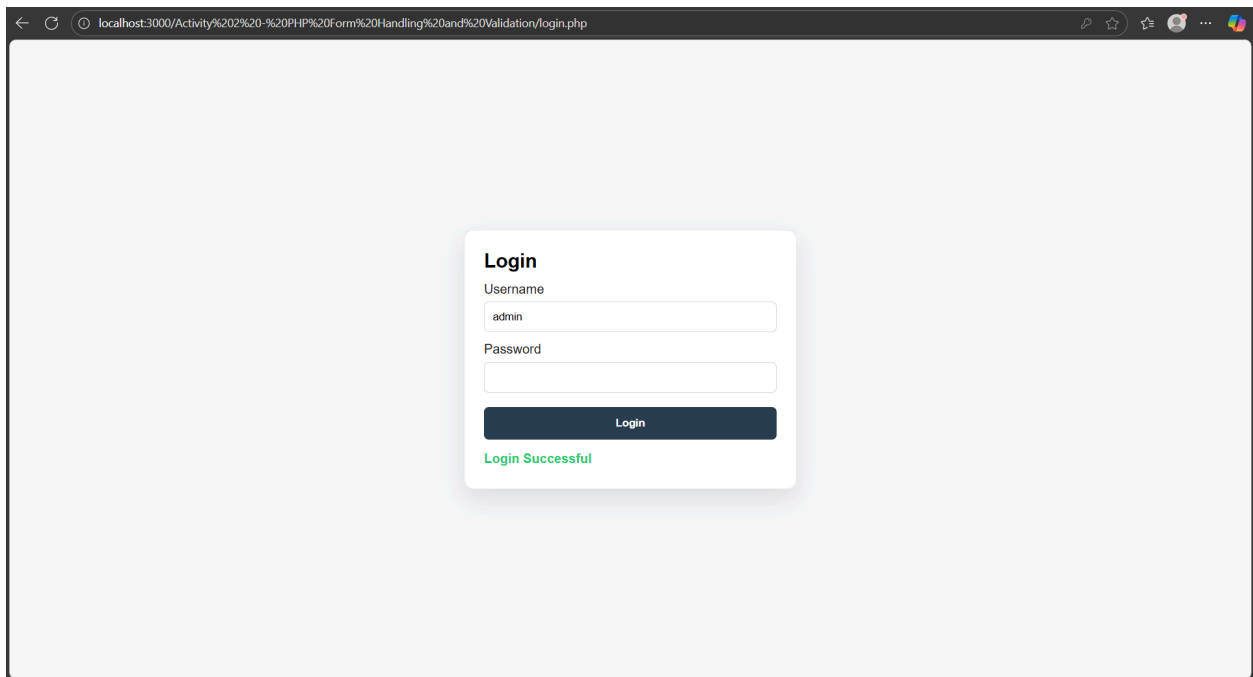

Username  
admin1234

Password

Login

Invalid Username or Password

### 4. Valid credentials

A screenshot of a web browser window. The address bar shows the URL: `localhost:3000/Activity%202%20-%20PHP%20Form%20Handling%20and%20Validation/login.php`. The page displays a login form titled "Login". The form has two input fields: "Username" with the value "admin" and "Password" which is empty. Below the fields is a dark blue "Login" button. A green success message, "Login Successful", is displayed below the button.

**Login**

Username  
admin

Password

Login

Login Successful

## 5. Resume page (with log out button)
